PRIOR TO ENTERING a horse at Sam Houston Race Park, **ALL PARTICIPANTS** Trainer and Owner(s) must have a current Texas Racing Commission License.

INFORMATION TO COMMISSION:

A licensee shall promptly notify the Commission regarding any changes to the licensee's mailing address and telephone number.

OWNERS

- 1 All Owners as listed on the horse's registration papers must be licensed one hour prior to the post time for the first (1st) race of the day in which the owner intends to race the animal, except stake races.
- 2 Owners' licenses will not be issued unless a licensed Trainer and a Horse is named on his/her application.
- 3 If an Owner is unable to complete his/her application due to illness or absence the licensed Trainer desiring to enter the horse may complete an emergency Owner's license for the absent Owner. An owner may obtain an emergency owner's license only once per year.
- 4 **All Owners who lease horses for racing purposes are responsible for licensing both the Lessee and Lessor.**
- 5 If the Owner is not an individual, each partner who has an ownership interest of five percent (5%) or more must be licensed by the Texas Racing Commission.
- 6 A person may not be licensed as an Owner if the person is not the Owner of record of a properly registered race animal which the person intends to race in Texas.

NOTE: Owners, Trainers, Lessors and Lessees must be licensed one hour prior to post time of first (1st) race of the day in which their horse will participate, except for stakes races. License forms can be obtained in advance by calling the Texas Racing Commission at 281-807-8855 or submit your application online at www.txrc.state.tx.us

ACCREDITED TEXAS-BREDPROGRAM

To encourage the breeding of horses in this state, any accredited Texas-Bred horse finishing first, second or third in any race in Texas (other than a stakes race restricted to Accredited Texas-Breds) may be eligible for Owner, Breeder and/or Stallion Awards through the ATB Incentive Program.

Funding for awards is derived from breakage and 1% of all multiple wagers at each racetrack, with each racetrack generating awards funds only for the horses racing at that track. From the total generated, award funds are separated into categories for eligible owners (40%), breeders (40%) and stallion owners (20%). Additionally, the first 25% of all awards generated is set aside for Owner Bonus Awards, paid to owners of ATB horses finishing first, second or third in open company races. The Owner Bonus is in addition to regular ATB Owner Awards.

In this condition book, the acronym ATBOIA appearing in parentheses in race conditions after the amount of the overnight purse stands for estimated Accredited Texas-Bred Owner Incentive Awards.

Owner incentive awards are not considered part of the purse, and therefore, are not subject to deductions for jockey fees.

The amount of the estimated ATB owner incentive awards available for each race restricted to Accredited Texas-Breds will appear like the following example: (Plus \$1,000 ATBOIA).

The amount of the estimated ATB owner incentive awards available for each open company race will appear like the following example: (Plus up to \$1,000 ATBOIA).

All ATB Incentive Program awards – owner bonus, owner, breeder and stallion owner - will be paid by the Texas Thoroughbred Association approximately four weeks after the Lone Star Park at Grand Prairie meet has ended.

Phenylbutazone: Phenylbutazone (bute) is the only approved anti-inflammatory drug which may be present in the body of a horse while participating in a race. **The test level of bute shall not exceed two (2) micrograms (mg) per milliliter (ml) of plasma.**

319.111. Bleeders and Furosemide (Salix) Program

(a) Diagnosis of EIPH.

(1) A bleeder is a horse that experiences Exercise Induced Pulmonary Hemorrhage (EIPH). Except as otherwise provided by this subsection, the medical diagnosis of EIPH may be made only by a commission veterinarian or a veterinarian currently licensed by the Commission. If the first EIPH event experienced by a horse occurs in another pari-mutuel racing jurisdiction, certification of the horse as a bleeder by that foreign jurisdiction will also constitute a first report of a diagnosed EIPH event for purposes of this section. A veterinarian who diagnoses an EIPH event in a horse participating in pari-mutuel racing in this state shall report the event to the commission veterinarian in a format prescribed by the executive secretary. On receipt of the first report of a diagnosed EIPH event for a horse, the commission veterinarian shall certify the horse as a bleeder.

(2) A trainer may request that a commission veterinarian reconsider the commission veterinarian's diagnosis of an EIPH event by presenting the horse for re-examination within four hours of the initial diagnosis, or within one hour after a performance's last race, whichever occurs sooner. To receive reconsideration, the trainer must present the horse to the commission veterinarian for endoscopic examination as performed by a commission-licensed veterinarian.

(b) Admission to Furosemide Program.

(1) A trainer may admit a horse to the furosemide program by stating at time of entry that the horse will compete with furosemide.

(2) A horse that competed with furosemide in its most recent start out-of-state must compete on furosemide in Texas unless withdrawn from the furosemide program at time of entry.

(3) An EIPH event experienced by a horse that is admitted to the furosemide program is deemed to be a second EIPH event for purposes of Subsection (g) of this section.

(c) Administration of Furosemide. Furosemide shall be administered to a horse in the furosemide program not later than four hours before the published post time for the race the horse is entered to run. The furosemide must be administered intravenously by a veterinarian licensed by the Commission. The executive secretary shall periodically publish the permissible blood levels of furosemide in post-race specimens and shall post the levels at each licensed racetrack.

(d) Requirement to Use Furosemide. A horse in the furosemide program in Texas must compete with furosemide until withdrawn from the program.

(e) Withdrawal from Furosemide Program.

(1) To withdraw a horse from the furosemide program, the trainer must state his/her intention to race the horse without furosemide at the time of entry.

(2) A horse in the furosemide program that competes out-of-state without furosemide is considered to have been removed from the Texas furosemide program effective the date of its first race without furosemide.

(3) Withdrawal from the furosemide program does not prohibit a horse from subsequent readmission to the program in accordance with this section.

(f) Readmission to the Furosemide Program. A horse may be readmitted to the furosemide program if:

(1) at least 60 days have elapsed since the horse was withdrawn from the program;

(2) the horse is required to compete with furosemide pursuant to subsection (b)(2) of this section; or

(3) the commission veterinarian diagnoses the horse with another EIPH event.

(g) Bleeders List.

(1) The commission veterinarian shall maintain a list of horses that have been certified as bleeders and a list of horses that have been admitted to the furosemide program.

(2) On receipt of a report of a diagnosed EIPH event, the commission veterinarian shall place the horse on the veterinarian's list and the horse shall be ineligible to race for the following time periods:

(A) First incident - 12 days;

(B) Second incident within 365 days of previous incident - 30 days;

(C) Third incident within 365 days of previous incident - 180 days;

(D) Fourth incident within 365 days of previous incident - lifetime ban from racing in this state.

(3) A horse with fewer than four EIPH events that has not had a diagnosed EIPH event for a period of 365 consecutive days is considered a non-bleeder for purposes of this subsection. The report of a diagnosed EIPH event from any pari-mutuel jurisdiction which officially records EIPH events will be recognized as an EIPH event by the Commission.

(4) Notwithstanding the foregoing, if after reviewing a report of a diagnosed EIPH event the commission veterinarian determines additional days on the veterinarian's list are essential to the health and safety of the horse, the commission veterinarian may extend the number of days the horse is on the veterinarian's list. The commission veterinarian shall record the medical reasons for the additional days.

(h) Report by Veterinarian.

A veterinarian who administers furosemide to a horse that has been admitted to the furosemide program shall report the administration on a form prescribed by the Commission. A report made under this subsection must be filed with the test barn supervisor not later than one hour before post time for the first race of that day.

- (a) Except as otherwise provided by this section, in a Claiming race, each horse is subject to be claimed for its entered price by :
 - (1) a licensed owner, lessee or an authorized agent acting on behalf of the owner or lessee; or
 - (2) a person who has applied for an owner's license and has been granted approval by the Stewards to make a Claim.
- (b) A Claim may not be made directly or indirectly by an owner for his or her own horse. (Added eff. 8/30/89; (a), (b) amended eff. 10/11/90, (a) amended eff. 5/1/96)

A person may not place money or its equivalent in the claim box.

313.303 Effective Time of Claim.

- (a) A person who has a valid Claim to a horse becomes the owner of the horse when the horse goes onto the race track for the race. This subsection applies regardless of whether the horse reaches the starting gate and regardless of subsequent injury to the horse during or after the race.

313.308 Restrictions on Subsequent Use.

- (a) A horse claimed in a claiming race in Texas:
 - (2) is ineligible to start in a race at a race meeting other than the one at which it was claimed until the end of the race meeting at which the horse was claimed.

PREFERENCE DATE SYSTEM

1. All horses intended for racing at SHRP will be assigned a preference date. Horses will not be able to receive a date until their foal papers are on file. Horses that are not tattooed are not eligible to receive a date. A horse can have only one date at any particular time. Dates assigned are as follows:
Zero (0) - Date. This date will be assigned to all horses whose foal papers have been placed on file with the Horse Identifier on or before **12:00 Noon, Monday, January 16, 2012.**
E - Date. The day on which a horse's foal papers are submitted to the Horse Identifier on or after the last day for Zero-Dates.
R - Date. This date will correspond to the day of a horse's most recent race at SHRP. An R-Date will also be assigned to a horse which scratches.
2. Preference dates will not supersede conditions of a race.
3. Preference dates are good at any distance.
4. Preference dates are good for all races, except for Stakes races (trials included).
5. A Zero-Date has first preference and an entry date takes preference over a running date of the same day.
6. Horses that run will receive a running date corresponding to the date they race and lose all dates previously held. This excludes Stakes, Handicap Stakes and Trials.
7. Any horse running in a Stakes race will retain its previously held preference date. When a horse's name appears in a race other than a Stakes race and is entered for the following day, such entry will be given no consideration should the race in which it is entered be overfilled.
8. Horses placed on the Veterinarian's, Starter's or Steward's list lose any preference date, except first time bleeders. Horses on these lists, will be given a preference date corresponding to the day they come off the list. On a non-racing day, the next racing day will be used.
9. Horses entered and taken out of a race because insufficient works or not eligible to the race, etc., will use the date they would have gotten had they raced.
10. Horses which have established a date at the current meeting will lose that preference date should their papers be withdrawn from the Racing Office, except Stakes races. Should a horse's papers be withdrawn from the Racing Office for just cause (i.e. change of ownership caused by a claim, Stakes races, etc.) the Racing Secretary may determine the status of the preference date established. Horses without foal papers on file will receive least preference, except over Maidens entering in winners races.
11. There will be no special preference for Texas Bred Horses.
12. All owners and Trainers making entries must sign entry blanks and check the preference date shown on them for accuracy. The Stewards will not acknowledge any claims not complying with this regulation.
13. Any Trainer entering two horses in an overnight race must prefer the horse with the best preference.

14. Horses with dates established which re-enter but does not get in, will keep the date previously established.
15. Maidens entering against winners will receive least consideration.
16. In no way does the claiming, or trainer transfer of a horse affect the preference date.
17. In all matters of discretion, the Steward's ruling is final.
18. Date preference will not supersede SHRP rules regarding preference, eligibility or scratches.
19. Papers with ownership transfer will not be accepted, nor a date assigned.

ENTRIES

- 1 For all races, the Racing Secretary is the person authorized to receive all entries and declarations.
- 2 The nominations or entries of any person, or the transfer of any nomination or entry may be refused at anytime.
- 3 No horse shall be allowed to start unless it is properly tattooed and the registration certificate showing the Tattoo Number must be on file with the Racing Secretary not later than one hour prior to the post time of the first race of that day, unless the Stewards authorize their certificate to be filed at a later time.
- 4 Registration papers and a negative Coggins & Piroplasmosis test drawn within the last twelve (12) months must be in the Racing Secretary's office not later than one hour prior to post time for the first race of that day.
- 5 No horse shall be permitted to start whose name and true ownership is not registered with the Racing Secretary.
- 6 If two (2) horses entered in a race are owned in whole or in part by the same individual or entity, the entry shall be coupled as a single wagering interest.
- 7 When a person makes a double entry by ownership or trainership, the entry with the better date or condition eligibility will be preferred in an overnight race. Two (2) horses having common ties through ownership or trainership cannot start to the exclusion of a single interest (stakes excluded).
- 8 **Turf Course Entries:** When the rail is up, races will be drawn to ten (10) horses. When the portable rail is not being employed, races will be drawn to twelve (12) horses.
Winners are preferred in all turf races.
In all Maiden Special Weight races on the turf the following preference will be used "Non-Starters for a Claiming Price of less than \$16,000 preferred.

In optional claiming races, horses eligible to and running for the allowance condition will be given first preference. Horses running for a claiming price will be given second preference by number of allowance wins. In all condition claiming races, horses eligible to the condition will be preferred, ie, a non-winner of two races entering into a non-winners of three race will be given second preference behind a non-winners of three races.

The Horsemen's Bookkeeper, Inc.

In the State of Texas the horsemen's bookkeeping system is centralized by the Texas Horsemen's Partnership, in order to better serve the horsemen running at the numerous tracks throughout the state. It is now similar to branch banking. This means that any necessary account maintenance can be done from any racetrack running a live meet in the state and through the Texas Horsemen's Partnership's main office in Austin year round.

Horsemen's Bookkeeper Requirements

Prior to starting a race an owner must have on deposit with the Horsemen's Bookkeeper the amount required to cover all costs incurred in starting that horse.

Prior to putting in a claim for a horse the owner or their Designated Representative must insure that all funds incurred with claiming a horse are on deposit in said account.
