NOTE FROM THE EXECUTIVE DIRECTOR

The intent of the racetrack condition book preamble is to provide up-to-date information on requirements for racetracks and occupational licensees. Weekly visual inspections are required of racetracks during live racing and are to be reported to the Commission via email to info@txrc.texas.gov. Daily visual inspections are strongly encouraged. Any issues regarding the safety, integrity or welfare of racing participants should be immediately reported to the Commission.

If there is any conflict with the Texas Racing Act or the Texas Rules of Racing and racetrack house rules or race sponsor rules, the Texas Racing Act and Texas Rules of Racing prevail.

LICENSING

******Multiple Year Licenses are available for the following:
Jockeys, Owners, Trainers, and Veterinarians.***

Prior to entering a horse into a race, all participants (trainers, owners, and those in their employ that require a license to perform their duties) should have a current Texas Racing Commission license.

TRAINERS:

1. All Trainers shall be licensed prior to the entry procedure and are encouraged to update their license before reserving a stall for a live race meet or training facility works.
2. It is the trainer's responsibility to keep the Texas Racing Commission licensing office current on their owners' and employees' status. Failure to do so may result in disciplinary action by the stewards.
3. Whenever a trainer terminates an employee, the licensing office should be notified, and their badge returned. The license badge may be returned to the licensee when they are employed by another licensed trainer.

OWNERS:

1. All Owners, as listed on the horse's registration papers, shall be licensed prior to the entry of that horse.
2. Owners' license will not be issued unless a licensed trainer is named on their application.
3. All owners who lease horses for racing purposes are responsible for licensing both the Lessee and Lessor.
4. If the owner is not an individual, each partner who has an ownership interest of five percent (5%) or more must be licensed by the Texas Racing Commission.
5. A person may not be licensed as an owner if the person is not the owner of record of a properly registered race animal which the person intends to race in Texas which is in the care of a trainer licensed by the Texas Racing Commission.

NOTE: All Owners, Trainers, and Lessees must be licensed before the race day in which their horse will participate, including being licensed on the date of entry. Texas Racing Commission licensing staff will be available during live race **events** but cannot guarantee a license issuance or renewal will occur if previous application steps were not met (digital fingerprints, evaluation of possible disqualifiers, etc.). Please see the following website for licensing guidelines:

<https://www.txrc.texas.gov/licensing>.

SPECIMEN TESTING

The Texas Racing Commission tests specimens include, but are not limited to serum, urine, and hair. All breeds will be subject to hair testing at random or for cause, as determined by the Texas Racing Commission. The Texas Racing Commission has secured a contract with the Equine Analytical Chemistry Laboratory (EACL) for accomplishing the testing of equine samples. The agency maintains discretion for using any accredited laboratory necessary to accomplish proper analysis, including split samples.

STATE VETERINARY MONITORING OF MORNING TRAINING

State veterinarians have authority to monitor morning training and identify lame horses on the training track. Horses on the training track will be subject to the same evaluation protocol as horses during pre-race exams. Horses must jog past the state veterinarian for 8-10 strides when exiting the training track after exercise. Exercise riders can be asked to jog a questionable horse on the walking path after exercise to confirm a lameness seen on the track. Horses lame after morning training will be identified and placed on the Vet List if appropriate. Any horse that works out for an official time can have blood samples collected post workout.

WORKOUTS AND FIRST-TIME STARTERS

First time starters must have two published works within 90 days, one being within 60 days. All first-time starters must be approved by a Licensed Starter for proficiency in the starting gate within 90 days of the race entered.

VETERINARIAN'S EXAMS

Pre-race veterinarian examinations for horses stabled on the grounds will be conducted from 9:00 am to 11:00 am. Anyone shipping horses into barns other than the Receiving Barn, must notify the Commission Veterinarians of such barn and stall location. The horse's legs must be unwrapped and clean for this examination. For further information please call the State Veterinarian.

All Vet List timed workouts or exams required for race entry must be scheduled 2-3 days in advance by contacting the Chief State Veterinarian, Dr. Steve Bond at (512)529-1546.

Lip Chains

Trainers will wrap all lip chains with leather or heavy tape wrap. Any part of the chain that contacts the horse's gums or corners of the mouth cannot be bare chain. Lip chains must be attached to provide some relief to the horse from constant chain pressure.

Ship-in Horses, Lasix & Pre-Race Exams

Any horse(s) shipping into a barn, other than the receiving barn, must notify the TXRC State Vet of the barn location prior to the start of pre-race exams at 9:00 am. Trainers are responsible for securing a veterinarian to administer timely Lasix for their horses. Please contact the test barn for details.

NEW WORLD SCREWWORM (NWS) MYIASIS: What to Look For

Screwworm infestations begin when a female screwworm fly lays eggs on a wound or orifice of a live warm-blooded animal. The name screwworm is thought to refer to the feeding behavior of the maggots as they burrow (screw) into the wound, feeding as they go like a screw being driven into wood.

INSPECT WOUNDS & BODY OPENINGS

Check warm-blooded animals (including birds) **for eggs or maggots in wounds or other body openings** (like nose, ears, umbilicus, or genitalia) that are draining or enlarging. Wounds as small as tick bites attract flies.

Secondary infections may occur in an NWS-infested wound. **If left untreated, animals may die within one week** of being infested.

WHAT IT IS

A painful condition in which the larvae (maggots) of the NWS fly (*Cochliomyia hominivorax*) burrow into the flesh of a living animal.

This serious disease can affect livestock, pets, wildlife, and in rare cases, people.

REPORT IT

This disease is serious and can have catastrophic impacts on U.S. agriculture and animal and public health. **Immediately report any suspicious wounds, maggots, or infestations** to a local accredited veterinarian, your State Animal Health Official, or a USDA veterinarian.

PAY ATTENTION TO BEHAVIOR

Screwworm infestations are very painful. Animals may become depressed, stop eating, and separate themselves from other animals or people.

PENN ENTERTAINMENT, INC. ANIMAL WELFARE POLICY

The health and safety of the equine participants at all Penn Entertainment racing properties is of paramount importance and all Racing Participants, especially those who are entrusted with the ownership and the ongoing care of these animals, must take all reasonable actions and care to ensure such equine participants are treated with dignity and respect.

Any Racing Participant covered by the Penn Entertainment/SHRP Horsemen's Guide who handles or treats any animal without regard for the well-being of the animal or causes physical injury or pain or suffering to the animal, including excessive or unnecessary training/whipping, transporting, or neglect in the care or feeding or medical attention shown to the animal, as determined in the sole discretion of SHRP, may be sanctioned. It is the responsibility of the owner and trainer to ensure that a licensed and competent veterinarian is available at all times to ensure the health and welfare of such trainer's horses and to attend to trainer's horses at all times such horses are on the grounds of SHRP in any and all emergency situations in which a regulatory or SHRP veterinarian is not required to be present or to respond to a trainer's horse(s). In the event SHRP receives credible and verifiable information regarding a Racing Participant who knowingly, or without conducting proper due diligence, buys or sells a horse for slaughter, directly or indirectly, such individual(s) may be sanctioned by the Racetrack up to and including revocation of stalls and exclusion from racing at all Penn Entertainment properties. SHRP highly encourages Racing Participants to obtain proper written documentation on sale or transfer of any horse that they previously raced or was stabled on the grounds of SHRP and lack of such documentation shall be considered a failure

Also in the 2026 SHRP meet trainers will be expected to **wrap all lip chains with leather or a heavy tape wrap**. Phenylbutazone: Phenylbutazone (Bute) is the only approved anti-inflammatory drug, which may be present in the body of a horse while participating in a race. The test level of Bute shall not exceed 0.3 micrograms (mg) per milliliter (ml) in plasma or serum.

BLEEDERS AND FUROSEMIDE (Lasix) PROGRAM

(a) Diagnosis of EIPH (a bleeder). (1) A bleeder is a horse that experiences Exercise Induced Pulmonary Hemorrhage (EIPH). Except as otherwise provided by this subsection, the medical diagnosis of EIPH may be made only by a commission veterinarian or a veterinarian currently licensed by the Commission. If the first EIPH event experienced by a horse occurs in another pari-mutuel racing jurisdiction, certification of the horse as a bleeder by that foreign jurisdiction will also constitute a first report of a diagnosed EIPH event for purposes of this section. A veterinarian who diagnoses an EIPH event in a horse participating in pari-mutuel racing in this state shall report the event to the commission veterinarian in a format prescribed by the executive secretary. On receipt of the first report of a diagnosed EIPH event for a horse, the commission veterinarian shall certify the horse as a bleeder. (2) A trainer may request that a commission veterinarian reconsider the commission veterinarian's diagnosis of an EIPH event by presenting the horse for re-examination within four hours of the initial diagnosis, or within one hour after the horse's last race, whichever occurs sooner. To receive reconsideration, the trainer must present the horse to the commission veterinarian for endoscopic examination as performed by a commission-licensed veterinarian.

(b) Admission to Furosemide Program.

(1) A trainer may admit a horse to the furosemide program by stating at time of entry that the horse will compete with furosemide. (2) A horse that competed with furosemide in its most recent start out-of-state must compete on furosemide in Texas unless withdrawn from the furosemide program at time of entry. (3) **The voluntary administration of furosemide without an external bleeding incident shall not subject the horse to an initial period of ineligibility under subsection (g) of this section.**

(c) Administration of Furosemide. Furosemide shall be administered to a horse in the furosemide program not later than four hours before the published post time for the race the horse is entered to run. The furosemide must be administered intravenously by a veterinarian licensed by the Commission. The executive secretary shall periodically publish the permissible blood levels of furosemide in post-race specimens and shall post the levels at each licensed racetrack.

(d) Requirement to Use Furosemide. A horse in the furosemide program in Texas must compete with furosemide until withdrawn from the program.

(e) Withdrawal from Furosemide Program.

(1) To withdraw a horse from the furosemide program, the trainer must state his/her intention to race the horse without furosemide at the time of entry.

(2) A horse in the furosemide program that competes out-of-state without furosemide is considered to have been removed from the Texas furosemide program effective the date of its first race without furosemide.

(3) Withdrawal from the furosemide program does not prohibit a horse from subsequent readmission to the program in accordance with this section.

(f) Readmission to the Furosemide Program. A horse may be readmitted to the furosemide program if:

(1) at least 30 days have elapsed since the horse was withdrawn from the program;

(2) the horse is required to compete with furosemide pursuant to subsection (b)(2) of this section; or

(3) the commission veterinarian diagnoses the horse with another EIPH event.

(4) At least "14 days" have elapsed since the horse competed out of state without furosemide under subsection (e)(2) of this section.

(g) Bleeders List.

(1) The commission veterinarian shall maintain a list of horses that have been certified as bleeders and a list of horses that have been admitted to the furosemide program.

(2) On receipt of a report of a diagnosed EIPH event, the commission veterinarian shall place the horse on the veterinarian's list and the horse shall be ineligible to race for the following time periods:

(A) First incident - 14 days;

(B) Second incident within 365 days of previous incident - 30 days;

(C) Third incident within 365 days of previous incident - 180 days;

(D) Fourth incident within 365 days of previous incident - lifetime ban from racing in this state.

(3) A horse with fewer than four EIPH events that has not had a diagnosed EIPH event for a period of 365 consecutive days is considered a non-bleeder for purposes of this subsection. The report of a diagnosed EIPH event from any pari-mutuel jurisdiction which officially records EIPH events will be recognized as an EIPH event by the Commission.

(4) Notwithstanding the foregoing, if after reviewing a report of a diagnosed EIPH event the commission veterinarian determines additional days on the veterinarian's list are essential to the health and safety of the horse, the commission veterinarian may extend the number of days the horse is on the veterinarian's list. The commission veterinarian shall record the medical reasons for the additional days.

(h) Report by Veterinarian. A veterinarian who administers furosemide to a horse that has been admitted to the furosemide program shall report the administration on a form prescribed by the Commission. A report made under this subsection must be filed with the test barn supervisor not later than 9:00 AM on race day. Horses not listed on the Lasix report are subject to a Vet scratch.

In due diligence efforts. SHRP reserves the right to require trainer or individuals responsible for a horse to provide such documentation as requested and failure to cooperate may result in sanctions by the Racetrack, up to and including revocations of stalls and exclusion from racing at all PENN properties.

1. All horses intended for racing at SHRP will be assigned a preference date. Preference dates will not be assigned until their foal papers and Coggins and piroplasmosis reports are on file. (To keep Coggins tests reports from Expiring they MUST be dated on or after **(December 15, 2025)**).
2. All registration certificates received on or prior to **April 7th, 2026**, will receive a "0" date until they run or scratch.
3. All horses registering after April 7th will receive an 'E' date corresponding to the race day that the papers are submitted to the Racing Office. Foal papers which arrive on a dark day will be assigned the next upcoming race day.
4. Horses that run will receive a running "R" date of the same day and lose any date previously held. This excludes Stakes in which they will retain their previous date.
5. Any horse that scratches off the program will receive a scratch "S" date and lose any date previously held. Horses placed on the Veterinarian list or Steward's list will receive a scratch "S" date corresponding to the day they come off the list. If a horse comes off the list on a dark day the next racing day will be used.
6. Entry "E" dates will have preference over a running "R" date of the same date. Entry "E" dates and running "R" dates will have preference over scratch "S" dates of the same date.
7. In no way does claiming, owner transfer, trainer transfer of a horse affect the preference date.
8. Registration papers removed from racing office by the owner or trainer without permission from the Racing Secretary will cause a horse to lose its date, unless for good cause (corrections, breeders stamp, transfer, etc....) but must be done by our racing office staff.
9. Date preference will not supersede condition eligibility. Horses that meet the conditions of a race are preferred over Horses that do not.
10. In any overnight race regardless of preference dates, an 'in today' horse is always least preferred, and the second part of an entry (by owner or trainer) cannot enter to the exclusion of a single interest after condition eligibility is applied. Though the second part of an entry is preferred over an 'in today' horse. The horse with the best date will be preferred when an owner or trainer have an entry in a race unless approved by the racing secretary and stewards.
11. Horses with dates established which re-enter but do not get in, will keep the date previously established.
12. Any omissions, discrepancies, errors, etc. must be brought to the attention of the Racing Secretary prior to the drawing of entries for that day.
13. Horses that are eligible to start (have all of their works up to date, tattooed, gate approved, ect.) are preferred over those who aren't.
14. In all matters, the Steward's ruling is final.

Email Coggins to: becky.mcdowell@pennentertainment.com

CONDITION ELIGIBILITY PREFERENCE

1. In all lifetime condition races, winners are preferred over preference dates.
2. Date preference will not supersede condition eligibility preference.
3. Any horses with three (3) or more wins are considered "multiple winners". In all races where multiple winners are preferred, all horses with three (3) or more wins are considered equal in preference with next preference by dates unless specified otherwise in the conditions of the race.
4. In all open races, including starter allowances and dated allowances, multiple winners will be preferred over horses with condition eligibility (i.e.NW2, NW3) unless specified otherwise in the conditions of the race.

CLAIMING RULES

RULE §313.301- ELIGIBILITY TO CLAIM

(a) Except as otherwise provided by this section, in a claiming race, each horse is subject to be claimed for its entered price by:

(1) a licensed owner or lessee or an authorized agent acting on behalf of the owner or lessee; or

(2) a person who has applied for an owner's license and has been granted approval by the stewards to make a claim.

(b) A claim may not be made directly or indirectly by an owner for his or her own horse.

(c) If the person making a claim is a minor, the claim must be co-signed by a licensed adult parent or guardian of the minor. A parent or guardian who co-signs a claim is liable for the claim. A claim made by a minor that is not co-signed in accordance with this subsection is invalid.

RULE §313.302- CLAIM PROCEDURE

a) A steward or a designee of the stewards shall supervise the making of claims and ensure the accuracy of all claims made in a race.

(b) A claim must be made in writing on forms and in envelopes approved by the executive secretary. The form and envelope must be filled out completely and must be accurate in every detail. For purposes of this section, the name of the horse as it appears in the official program governs.

(c) The person making a claim is responsible for determining the sex of the horse.

(d) A claim must be time stamped with the official track time shown on the tote board and deposited in a locked box provided by the racing secretary not later than 15 minutes before post time of the race in which the horse being claimed is to start. A person may not place money or its equivalent in the claim box.

(e) Before the deadline for filing claims for a race, a person may not:

(1) Open the box in which claims are deposited; or

(2) Reveal information regarding the filing of a claim.

(f) After the deadline for filing claims for a race, a steward or a designee of the stewards shall open the box, examine the claims, and notify the stewards of all accurate claims. The steward or designee will then notify the horsemen's bookkeeper of the claims to determine whether the appropriate amount is on deposit with the bookkeeper in accordance with this subchapter and to debit the claimant's account for the amount of the claim, plus all applicable fees. If more than one person enters a claim for a horse, a steward or a designee of the stewards shall determine the disposition of the horse by lot.

RULE §313.303.Effective Time of Claim.

(a) A person who has a valid claim to a horse becomes the owner of the horse when the horse steps on to the racetrack for the race. A claim shall be voided and ownership of the horse retained by the original owner if:

(1) the horse dies on the racetrack or is euthanized by a Commission Veterinarian before leaving the racetrack, either on the race surface or in the equine ambulance.

(2) the horse has a musculoskeletal injury that requires loading in the equine ambulance for safe removal from the track. This claim is only voided after proper Veterinary examination of injury and the on duty Commission Veterinarian is contacted and approves of euthanasia. Horses euthanized without Veterinarian examination and notification to the attending Commission Veterinarian will not be entitled to a voided claim.

(b) Horses vanned off the track for medical conditions (including but not limited to EIPH, Myositis, heat stress, extreme exhaustion) will not be treated as a voided claim.

(c) On the day claimed, a claimed horse runs in the interest of and for the account of the owner from whom the horse was claimed.

RULE §313.304

(a) Except as otherwise provided by this section, a claim that is filed in accordance with this subchapter is irrevocable.

(b) If the stewards declare a claiming race a "no race," all claims for that race are invalid.

RULE §313.305

(a) To make a valid claim, a person must have on deposit with the horsemen's bookkeeper an amount equal to the amount of the claim, plus all transfer fees, in the form of cash, money order, certified check, or cashier's check.

(b) A person who files a claim may not exhaust the person's account with the horsemen's bookkeeper during the two-hour period after the claim was filed.

RULE §313.306

(a) A horse that has been claimed in a claiming race shall be taken after the race to the area designated by the association for delivery to the claimant, unless the horse is designated for testing.

(b) A person may not refuse to deliver a claimed horse.

(c) The registration certificate of a claimed horse, and both certificates of a dually registered claimed horse, shall transfer to the successful claimant.

(d) The engagements of a claimed horse automatically transfer to the new owner. A claimed horse is ineligible for entry in a future race unless the entry is made on behalf of the new owner.

(e) A horse may not be delivered to a successful claimant without written authorization from a steward or a designee of the stewards.

It is a criminal offense to transfer ownership of a horse (by Bill of Sale or Claim) without a current negative Coggins.

Supporting the Horse Industry in Texas

The Texas horse industry has a long history and a prominent place in our society. That history spans generations and has been bred into the fabric of our culture and the hearts of our people. Texas leads the nation's horse economic sector.

Whether from the working horses on ranches across the state, the rodeo horses that keep the cowboys and cowgirls going, the athletes thundering down a racetrack or the pony with a saddle that a young child is learning to ride; Texas' connection with horses runs deep.
