NOTE FROM THE EXECUTIVE DIRECTOR
AMY F. COOK

The intent of the racetrack condition book is to provide up-to-date information on requirements for racetracks and occupational licensees. Weekly visual inspections are required of racetracks during live racing and are to be reported to the Commission via email to info@txrc.texas.gov. Daily visual inspections are strongly encouraged. Any issues regarding the safety, integrity or welfare of racing participants should be immediately reported to the Commission.

If there is any conflict with the Texas Racing Act or the Texas Rules of Racing and racetrack house rules or race sponsor rules, the Texas Racing Act and Texas Rules of Racing prevail.

LICENSING

*****Multiple Year Licenses are available for the following:
Jockeys, Owners, Trainers. and Veterinarians.**

Prior to entering a horse at the racetrack, all participants (trainers, owners, and those in their employ that require a license to perform their duties) should have a current Texas Racing Commission license.

TRAINERS:

1. All Trainers must be licensed prior to the entry procedure.
2. It is the trainer's responsibility to keep the Texas Racing Commission licensing office current on their owners' and employees' status. Failure to do so may result in disciplinary action by the stewards.
3. Whenever a trainer terminates an employee, the licensing office should be notified, and their badge returned. The license badge may be returned to the licensee when they are employed by another licensed trainer.

OWNERS:

1. All Owners, as listed on the horse's registration papers, must be licensed prior to the entry of that horse.
2. Owners' license will not be issued unless a licensed trainer is named on their application.
3. All owners who lease horses for racing purposes are responsible for licensing both the Lessee and Lessor.
4. If the owner is not an individual, each partner who has an ownership interest of five percent (5%) or more must be licensed by the Texas Racing Commission.
5. A person may not be licensed as an owner if the person is not the owner of record of a properly registered race animal which the person intends to race in Texas which is in the care of a trainer licensed by the Texas Racing Commission.

NOTE: All Owners, Trainers, and Lessees must be licensed before the race day in which their horse will participate. Please see the following website for licensing guidelines:

SPECIMEN TESTING

The Texas Racing Commission tests specimens include, but are not limited to serum, urine, and hair. All breeds will be subject to hair testing at random or for cause, as determined by the Texas Racing Commission. The Texas Veterinary Medical Diagnostic Laboratory (TVMDL) is the primary State laboratory that conducts testing of primary samples. The agency maintains discretion for using any accredited laboratory necessary to accomplish proper analysis, including split samples.

STATE VETERINARY MONITORING OF MORNING TRAINING

State veterinarians have authority to monitor morning training and identify lame horses on the training track. Horses on the training track will be subject to the same evaluation protocol as horses during pre-race exams. Horses must jog past the state veterinarian for 8-10 strides when exiting the training track after exercise. Exercise riders can be asked to jog a questionable horse on the walking path after exercise to confirm a lameness seen on the track. Horses lame after morning training will be identified and placed on the Vet List if appropriate. Any horse that works out for an official time can have blood samples collected post workout.

WORKOUTS AND FIRST-TIME STARTERS

If a horse has not started in the 60-day period preceding a race, the horse must have one published workout to be eligible to start in that race. If a horse is a first-time starter, the horse must have two (2) published workouts, one of which must be from the starting gate within 90 days, and one must be within the last 60 days of the race entered to be eligible to start in a race. The first-time starter must also be approved from the starting gate by an approved facility for proficiency in the starting gate. The racetrack's starter reserves the right to refuse an approval from another facility. Any horse that has not started a race within the last 365 days must have two (2) published workouts within 60 days preceding the race and an approved letter from the attending veterinarian to be eligible to race.

VETERINARIAN'S EXAMS

Pre-race veterinarian examinations for horses stabled on the grounds will be conducted from 9:00 am to 10:30 am. Anyone shipping horses into barns other than the Receiving Barn, must notify the Commission Veterinarians of such barn and stall location. The horse's legs must be unwrapped and clean for this examination. For further information please call the test barn.

All Vet List timed workouts or exams required for race entry must be scheduled 2-3 days in advance by contacting the Chief State Veterinarian, Dr. Steve Bond at (512)529-1546 or the test barn.

Lip Chains

Trainers will wrap all lip chains with leather or heavy tape wrap. Any part of the chain that contacts the horse's gums or corners of the mouth cannot be bare chain. Lip chains must be attached to provide some relief to the horse from constant chain pressure.

Ship-in Horses, Lasix & Pre-Race Exams

Any horse(s) shipping into a barn, other than the receiving barn, must notify the TXRC State Vet of the barn location prior to the start of pre-race exams at 9:00 am. Ship-in pre-race exams will be two (2) hours prior to the first post time of the day, however it is strongly encouraged that entered horses be on the premises of the track 24 hours before post to allow appropriate observation times by TXRC Veterinarians. Texas Furosemide Program (Lasix) horses running in early races may need to be on the grounds earlier than listed above. Any ship-in horse not stalled in the receiving barn must come to the test barn for a pre-race exam. Trainers are responsible for securing a veterinarian to administer timely Lasix for their horses. Please contact the test barn for details.

Also in the 2024 SHRP meet trainers will be expected to **wrap all lip chains with leather or a heavy tape wrap**. MEDICATION

No prohibited drug, chemical or other substance may be administered to an animal within the 24- hour period before the post time for the race in which the animal is entered.

Phenylbutazone: Phenylbutazone (Bute) is the only approved anti-inflammatory drug, which may be present in the body of a horse while participating in a race. The test level of Bute shall not exceed 0.3 micrograms (mg) per milliliter (ml) in plasma or serum.

BLEEDERS AND FUROSEMIDE (Lasix) PROGRAM

(a) Diagnosis of EIPH (a bleeder). **(1)** A bleeder is a horse that experiences Exercise Induced Pulmonary Hemorrhage (EIPH). Except as otherwise provided by this subsection, the medical diagnosis of EIPH may be made only by a commission veterinarian or a veterinarian currently licensed by the Commission. If the first EIPH event experienced by a horse occurs in another pari-mutuel racing jurisdiction, certification of the horse as a bleeder by that foreign jurisdiction will also constitute a first report of a diagnosed EIPH event for purposes of this section. A veterinarian who diagnoses an EIPH event in a horse participating in pari-mutuel racing in this state shall report the event to the commission veterinarian in a format prescribed by the executive secretary. On receipt of the first report of a diagnosed EIPH event for a horse, the commission veterinarian shall certify the horse as a bleeder. **(2)** A trainer may request that a commission

veterinarian reconsider the commission veterinarian's diagnosis of an EIPH event by presenting the horse for re-examination within four hours of the initial diagnosis, or within one hour after a performance's last race, whichever occurs sooner. To receive reconsideration, the trainer must present the horse to the commission veterinarian for endoscopic examination as performed by a commission-licensed veterinarian.

(b) Admission to Furosemide Program.

(1) A trainer may admit a horse to the furosemide program by stating at time of entry that the horse will compete with furosemide. (2) A horse that competed with furosemide in its most recent start out-of-state must compete on furosemide in Texas unless withdrawn from the furosemide program at time of entry. (3) **The voluntary administration of furosemide without an external bleeding incident shall not subject the horse to an initial period of ineligibility under subsection (g) of this section.**

(c) Administration of Furosemide. Furosemide shall be administered to a horse in the furosemide program not later than four hours before the published post time for the race the horse is entered to run. The furosemide must be administered intravenously by a veterinarian licensed by the Commission. The executive secretary shall periodically publish the permissible blood levels of furosemide in post-race specimens and shall post the levels at each licensed racetrack.

(d) Requirement to Use Furosemide. A horse in the furosemide program in Texas must compete with furosemide until withdrawn from the program.

(e) Withdrawal from Furosemide Program.

(1) To withdraw a horse from the furosemide program, the trainer must state his/her intention to race the horse without furosemide at the time of entry.

(2) A horse in the furosemide program that competes out-of-state without furosemide is considered to have been removed from the Texas furosemide program effective the date of its first race without furosemide.

(3) Withdrawal from the furosemide program does not prohibit a horse from subsequent readmission to the program in accordance with this section.

(f) Readmission to the Furosemide Program. A horse may be readmitted to the furosemide program if:

(1) at least 60 days have elapsed since the horse was withdrawn from the program;

(2) the horse is required to compete with furosemide pursuant to subsection (b)(2) of this section; or

(3) the commission veterinarian diagnoses the horse with another EIPH event.

(g) Bleeders List.

(1) The commission veterinarian shall maintain a list of horses that have been certified as bleeders and a list of horses that have been admitted to the furosemide program.

(2) On receipt of a report of a diagnosed EIPH event, the commission veterinarian shall place the horse on the veterinarian's list and the horse shall be ineligible to race for the following time periods:

- (A) First incident - 12 days;
- (B) Second incident within 365 days of previous incident - 30 days;
- (C) Third incident within 365 days of previous incident - 180 days;
- (D) Fourth incident within 365 days of previous incident - lifetime ban from racing in this state.

(3) A horse with fewer than four EIPH events that has not had a diagnosed EIPH event for a period of 365 consecutive days is considered a non-bleeder for purposes of this subsection. The report of a diagnosed EIPH event from any pari-mutuel jurisdiction which officially records EIPH events will be recognized as an EIPH event by the Commission.

(4) Notwithstanding the foregoing, if after reviewing a report of a diagnosed EIPH event the commission veterinarian determines additional days on the veterinarian's list are essential to the health and safety of the horse, the commission veterinarian may extend the number of days the horse is on the veterinarian's list. The commission veterinarian shall record the medical reasons for the additional days.

(h) Report by Veterinarian. A veterinarian who administers furosemide to a horse that has been admitted to the furosemide program shall report the administration on a form prescribed by the Commission. A report made under this subsection must be filed with the test barn supervisor not later than one hour before post time for the first race of that day.

PREFERENCE DATE SYSTEM

1. All horses intended for racing at SHRP will be assigned a preference date. Preference dates will not be assigned until their foal papers and Coggins and piroplasmosis reports are on file. (To keep Coggins tests reports from Expiring they MUST be dated on or after June 17th, 2024).
2. All registration certificates received on or prior to **April 10th, 2024**, will receive a "0" date until they run or scratch.
3. All horses registering after April 10th will receive an 'E' date corresponding to the race day that the papers are submitted to the Racing Office. Foal papers which arrive on a dark day will be assigned the next upcoming race day.
4. Horses that run will receive a running "R" date of the same day and lose any date previously held. This excludes Stakes in which they will retain their previous date.
5. Any horse that scratches off the program will receive a scratch "S" date and lose any date previously held. Horses placed on the Veterinarian list or Steward's list will receive a scratch "S" date corresponding to the day they come off the list. If a horse comes off the list on a dark day the next racing day will be used.
6. Entry "E" dates will have preference over a running "R" date of the same date. Entry "E" dates and running "R" dates will have preference over scratch "S" dates of the same date.
7. Horses which have established a date at the current meeting will lose that preference date should they race elsewhere and will receive a date when their papers are received back in the office.
8. In no way does claiming, owner transfer, trainer transfer of a horse affect the preference date.
9. Registration papers removed from racing office by the owner or trainer will cause a horse to lose its date, unless for good cause (corrections, breeders stamp, transfer, etc....) but must be done by our racing office staff.
10. Date preference will not supersede condition eligibility. Horses that meet the conditions of a race are preferred over Horses that do not.
11. In any overnight race regardless of preference dates, an 'in today' horse is always least preferred and the second part of an entry (by owner or trainer) cannot enter to the exclusion of a single interest after condition eligibility is applied. Though the second part of an entry is preferred over an 'in today' horse. The horse with the best date will be preferred when an owner or trainer have an entry in a race.
12. Horses with dates established which re-enter but does not get in, will keep the date previously established.
13. Any omissions, discrepancies, errors, etc. must be lodged prior to the drawing of entries for that day.
14. In all matters, the Steward's ruling is final.

Email Coggins to becky.mcdowell@pennentertainment.com

CONDITION ELIGIBILITY PREFERENCE

1. In all lifetime condition races, winners are preferred over preference dates.
2. Date preference will not supersede condition eligibility preference.
3. Any horses with three (3) or more wins are considered “multiple winners”. In all races where multiple winners are preferred, all horses with three (3) or more wins are considered equal in preference with next preference by dates unless specified otherwise in the conditions of the race.
4. In all open races, including starter allowances and dated allowances, multiple winners will be preferred over horses with condition eligibility (i.e.NW2, NW3) unless specified otherwise in the conditions of the race.

(2) a person who has applied for an owner's license and has been granted approval by the stewards to make a claim.

(b) A claim may not be made directly or indirectly by an owner for his or her own horse.

(c) If the person making a claim is a minor, the claim must be co-signed by a licensed adult parent or guardian of the minor. A parent or guardian who co-signs a claim is liable for the claim. A claim made by a minor that is not co-signed in accordance with this subsection is invalid.

RULE §313.302- CLAIM PROCEDURE

- a) A steward or a designee of the stewards shall supervise the making of claims and ensure the accuracy of all claims made in a race.
- (b) A claim must be made in writing on forms and in envelopes approved by the executive secretary. The form and envelope must be filled out completely and must be accurate in every detail. For purposes of this section, the name of the horse as it appears in the official program governs.
- (c) The person making a claim is responsible for determining the sex of the horse.
- (d) A claim must be time stamped with the official track time shown on the tote board and deposited in a locked box provided by the racing secretary not later than 15 minutes before post time of the race in which the horse being claimed is to start. A person may not place money or its equivalent in the claim box.
- (e) Before the deadline for filing claims for a race, a person may not:
 - (1) Open the box in which claims are deposited; or
 - (2) Reveal information regarding the filing of a claim.
- (f) After the deadline for filing claims for a race, a steward or a designee of the stewards shall open the box, examine the claims, and notify the stewards of all accurate claims. The steward or designee will then notify the horsemen's bookkeeper of the claims to determine whether the appropriate amount is on deposit with the bookkeeper in accordance with this subchapter and to debit the claimant's account for the amount of the claim, plus all applicable fees. If more than one person enters a claim for a horse, a steward or a designee of the stewards shall determine the disposition of the horse by lot.

RULE §313.303

- a) A person who has a valid claim to a horse becomes the owner of the horse when the horse steps on to the racetrack for the race. This subsection applies regardless of whether the horse reaches the starting gate and regardless of subsequent injury to the horse during or after the race.
- (b) On the day claimed, a claimed horse runs in the interest of and for the account of the owner from whom the horse was claimed.

RULE §313.304

- (a) Except as otherwise provided by this section, a claim that is filed in accordance with this subchapter is irrevocable.
- (b) If the stewards declare a claiming race a "no race," all claims for that race are invalid.

RULE §313.305

- (a) To make a valid claim, a person must have on deposit with the horsemen's bookkeeper an amount equal to the amount of the claim, plus all transfer fees, in the form of cash, money order, certified check, or cashier's check.
- (b) A person who files a claim may not exhaust the person's account with the horsemen's bookkeeper during the two-hour period after the claim was filed.

RULE §313.306

- (a) A horse that has been claimed in a claiming race shall be taken after the race to the area designated by the association for delivery to the claimant, unless the horse is designated for testing.
- (b) A person may not refuse to deliver a claimed horse.
- (c) The registration certificate of a claimed horse, and both certificates of a dually registered claimed horse, shall transfer to the successful claimant.
- (d) The engagements of a claimed horse automatically transfer to the new owner. A claimed horse is ineligible for entry in a future race unless the entry is made on behalf of the new owner.
- (e) A horse may not be delivered to a successful claimant without written authorization from a steward or a designee of the stewards.

It is a criminal offense to transfer ownership of a horse (by Bill of Sale or Claim) without a current negative Coggins.

THE HORSEMEN'S BOOKKEEPER, INC.

In the State of Texas, the horsemen's bookkeeping system is centralized by the Texas Horsemen's Partnership, in order *to better serve the horsemen running at the numerous tracks* throughout the state. It is now similar to branch banking. Horsemen's Bookkeeper Requirements

Prior to starting a race an owner must have on deposit with the Horsemen's Bookkeeper the amount required to cover all costs incurred in starting that horse.

Prior to putting in a claim for a horse the owner or their Designated Representative must ensure that all funds incurred with claiming a horse are on deposit in said account.

ACCREDITED TEXAS-BRED PROGRAM

If an Accredited Texas-Bred runs first, second or third in any race (other than a Stakes restricted to Accredited Texas-Breds) during the Sam Houston meet, the owner will receive an owner incentive award through the Accredited Texas-Bred Program.

Accredited Texas-Bred owner incentives will be paid by the Texas Quarter Horse Association at the end of the meet. That means Accredited Texas Breds run for more money than horses foaled in other states that are running in the same race.

Incentive awards are distributed 50% to first, 30% to second and 20% to third. Additional ATB awards for breeder and stallion owners are paid at the end of the meet through the office of the Texas Quarter Horse Association.

For more information on the Accredited Texas Bred Program contact the TQHA at 1-800-945-6157 or 512-458-5202 or by fax at 512-458-1713.

AQHA has begun the transition to microchips in place of lip tattoos to identify racing American Quarter Horses effective January 1, 2024.

When will the transition to microchipping in place of lip tattoos in racing American Quarter Horses occur?

- January 1, 2024

If my horse has been identified by tattoo before January 1, 2024, do I need to have my horse microchipped?

- No. Horses who were identified by tattoo before January 1, 2024 shall be allowed to continue to utilize their tattoo as means of identification.

How will identifiers collect microchip information, and where will it be stored?

- AQHA is currently developing an application named QHChip for identifiers to utilize. Once a horse is microchipped and inspected by an official identifier, the information will be available on both the InCompass Solutions and QHChip app identification platforms.

Where should the microchip be implanted on a horse?

- The AQHA rulebook will not dictate the location of the microchip implantation, but state that the location of implantation must be provided to AQHA, and the location information will be available not only in the horse's registration information in the AQHA database, but also on the identification platform - InCompass Solutions, and the QHChip app, once the horse's identification is verified.

What does ISO compliant mean for microchips?

- ISO (International Organization for Standardization) is a highly recognized accreditation federation for developing market relevant international standards. ISO standards are recognized worldwide. ISO 11784 and 11785 define the standards that regulate radio-frequency identification (RFID) of animals. To be compliant, the microchip must operate at a radio frequency of 134.2 Khz and contain 15 digits. AQHA will record any microchip placed in a horse reported by the owner, however, if a horse is being identified for racing, the microchip must be ISO

compliant. AQHA recommends the use of ISO compliant chips.

- What if a veterinarian microchips my horse(s)? Does AQHA have to do their own microchip, or will the microchip number from the vet's records qualify?
- Any ISO-compatible microchip will be accepted. Once the microchip is scanned by an AQHA identifier, and the horse's identification is verified, the data would be stored in InCompass Solutions and the QHChip database.
- To be eligible to run, a horse that has already been microchipped must still be presented to an AQHA identifier to have its identification verified and thereby be entered into the QHChip and InCompass Solutions databases.

What are the benefits of microchipping a horse?

- Microchipping, as part of the digital identification verification, validates breed integrity. The ID number is recorded with the American Quarter Horse Association on the horse's permanent record, and included with updated photos of each horse, all provided by the AQHA identifier who verifies the horse's identity.
- Microchipping can result in increased efficiencies in horse management.
- Microchipping can also help recover an animal in case of natural disaster or theft.
