

March 11, 2020

Dear Racing Fans:

Sam Houston Race Park is committed to providing a safe and clean environment for our guests and Team Members. In relation to the COVID-19 virus, we continue to closely monitor information from the Harris County Public Health Department, as well as the Centers for Disease Control. All of the public areas at the Park are cleaned on a regular basis and we ask all Team Members to follow safe sanitation protocols. For example, we've instructed any Team Member who is sick to stay home, and for Team Members to wash their hands frequently while at work. In addition, the following items have been implemented for further guest and Team Member safety:

- More frequent restroom cleaning
- Additional sanitation stations in high volume areas
- Increased sanitation of door handles and railings
- More frequent cleaning of elevator buttons
- More frequent cleaning of self-service wagering machines
- Continued awareness among Team Members regarding cleanliness and sanitation

We are committed to working with public health agencies and will adjust our efforts as necessary.

We will continue to monitor this situation carefully and will take all precautionary measures for the benefit of our guests and Team Members.

There are no planned interruptions to our live racing or simulcast schedules at this time.

Sincerely,

Dwight Berube,  
Vice President & General Manager  
Sam Houston Race Park
